EVERYBODY KNOWS HIM.

A Prominent Member of the Maine Legislature.

What He Says Will Ring Over the Whole Land,

As the Trumpet Tongued Utterances of One of Our Great Men.

The word of Hon. John R Prescott, formerly a prominent member of the Maine legislature is all powerfut.

Mr. Prescott lives at Rome, Me. Everybody knows him, everybody respects him and everybody believes what

And it is an interesting story which he tells and an eloquent tribute which he

tells and an elequent tribute which he pays.

"Thirty-two years ago," he says, "I was attacked with neuralgia in my face and head, mostly confined to the right side. There was not eften a day or an hour that I was not suffering with that terrible, severe pain, so severe a great many times that for several days and nights I could not sleep or take any food excepting a little gruel.

"My nerves were terribly affected and I grew weak and feeble, as my many friends in the state of Maine, and more particularly in Kennebec County, will certify to.

About five years ago I was taken with what physicians 'claim to be a liver and kidney trouble, a soreness over the right kidney; so much so that I could not bear to be rubbed.

kidney; so much so that I could not bear to be rubbed.

"My bowels were very much constipated, could not urinate freely, and suffered severe pains at such times.

"My troubles increased very much and for the past six months I could not get up from my bed in the morning and dress me before I would be in pain in my back and bowels.

"I would often be forced to drop down and rest me and many times be in such pain that I would cry like a child and ask why I could not die.

"I have used for the neuralgia all the liniments I have ever seen advertised for the cure of that discusse, and for my nerves and kidney and liver trouble I have taken so many medicines that they are too numerous to mention.

"I have been treated by the leading physicians of Maine, have also been to Massachusetts to be treated by physicians in Boston, and from all I have received very little benefit. One eminent physician said that I could not be cured and many physicians examined me and refused to treat me.

"I had given an taking posicione." refused to treat me.

"I had given up taking medicine.

"About the middle of December, 1892, my wife had been reading some of the testimonials of Dr. Greene's Nervura blood and nerve remedy. She told me she wanted me to try one bottle of that

one bottle of the Nerrura, and said she wanted me to give it a fair trial.

"I commenced taking it about the 25th of December. When I had taken it about two weeks the pain left me entirely from my back and bowels, and I can urinate freely without pain and the neuralgia troubles me but very little.

I gained in weight in the month of January twelve and one-half pounds. I am 67 years old and can work now every day, while before taking Dr. Greene's Nervura blood and nerve remedy I could not do any labor excepting a few chores.

"I hope that anyone who is suffering from any trouble with the nerves or liver or kidneys will give Dr. Greene's Nervura blood and nerve remedy a fair trial. I know that they will get relief.

"I can truly say that I thank God that such a medicine as Dr. Greene's Nervura blood and nerve remedy was created, and I still thank Him that I

was induced to take this wonderful
